

Welcome

**GREENWICH
MARKET**

A very warm welcome to the Greenwich Market Consultation Exhibition and thank you for coming along to learn about Greenwich Hospital's proposals for the market.

Martin Sands

Martin Sands
Director of Greenwich Hospital

Thank you for attending.

Why we are holding this exhibition

As a responsible landlord we are committed to the good stewardship of our estate in Greenwich and recognise the need to regenerate and to improve the properties.

In particular we appreciate the need to invest in the Island Site, including the market, with a view to enhancing its unique character and retail diversity which both residents and visitors to Greenwich enjoy.

This exhibition is designed to tell you about the Hospital's proposals for the market and how we arrived at the proposed scheme. Now we want to understand the views of everyone who lives or works in the area as part of the process of consultation over plans for the future of the market.

We hope you find the exhibition interesting and informative.

Have your say

GREENWICH MARKET

Greenwich Hospital would like to hear your views on the market regeneration proposals.

The Hospital has been carrying out a consultation with the Greenwich Community and Stakeholders since January 2007. This has included a website (www.greenwichmarketconsultation.org.uk), three newsletters and now this exhibition.

Your feedback on the proposals in this consultation is particularly valuable to the Hospital, as your views will help to inform the design of the new market.

The Hospital has arranged for Electoral Reform Service (ERS) to analyse your feedback. ERS helps organisations of all sorts conduct their elections and ballots in a manner that is fair, transparent and independent.

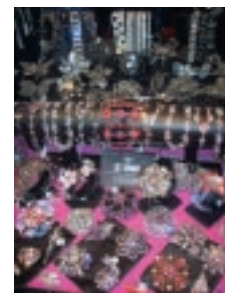

What happens next?

After the exhibition your views and feedback will be collated to help fine-tune plans and ensure plans for the Market and wider Island Site are the best fit for Greenwich.

In November Greenwich Market's Key Stakeholder Consultative Group will meet to consider the exhibition feedback and the views you have expressed.

Please let us know your views by filling in the forms and either posting the form in the Comments Box or sending the form to the freepost address in the envelopes provided by **Saturday 13th October 2007**.
